About DEAR DOGE

DEAR DOGE coin is a Binance Smart Chain Network based on the IB IE IP-20 token, with a reward mechanism. A deflation mechanism will be built. The Pre-Sale of DEAR DOGE coin will be launched in August, 2021. DEAR DOGE contains multiple innovation mechanisms: holding DEAR DOGE coins to distribute DOGE rewards, auto burning system, and automatic addition of PancakeSwap liquidity pool.

DEAR DOGE coin is completely decentralized. Its community is jointly formed by blockchain enthusiasts. Through community governance, promote every development and progress of the project. As a token issued by the project, DEAR DOGE is the only voucher to participate in community governance, promote project development, and obtain project value.

Ecosystem

DEAR DOGE coin is a Binance Smart Chain Network based on the BEP-20 token that will be released in August, 2021 and added liquidity in PancakeSwap. The maximum supply of DEAR DOGE coin is 100,000,000,000.

DEAR DOGE will deduct a 13% handling fee for each transaction, of which:

5% of each transaction will be rewarded to every DEAR DOGE holder in the form of DOGE, and holders can receive it for free.

3% of each transaction will automatically flow into the PancakeSwap liquidity pool to provide transaction liquidity.

3% of each transaction will be sent to the burn address.

2% of each transaction will be put into the marketing wallet.

Distribution

IDO

• 50% of all supply

ADD LP

• 40% of all supply will be locked on DXSALE

MAKETING

• 5% of all supply includes DXSALE FEE

DEV WALLET

• 3% of all supply will be locked for 1 year

AIRDORP

• 2% of all supply, will be distribute after launch

(Total amount: 100,000,000,000)

Investment Income

This is a very unique model that has only been done once. Every time someone buys or sells DEAR DOGE, 5% of the DOGE they bought or sold will be obtained and held in the smart contract, and then distributed to all DEAR DOGE holders.

3% of the transaction will go to the liquidity pool, and the liquidity pool address is permanently locked. At the same time, if a holder co Meets more than 100 DOGE reward, then 20% of the funds will be used to purchase DEAR DOGE on PancakeSwap and burn it. This will help reduce supply and increase DEAR DOGE price. PLUS: Every time someone buys or sells DEAR DOGE, 3% of it will be burned.

Development Plan

NFT Market Develop NIFT function, DEAR DOGE holder pays DEAR DOGE to generate exclusive Masker, and stores it on IIPIFS using standard IEIRC721, NIFT income will be destroyed,

Stake Develop the pledge mining function, pledge DEAR DOGE to participate in mining to obtain DEAR DOGE and other related currencies, not only can obtain mining income, but also can lock a large amount of circulation.

IDO Develop the IDO platform. All platform income is used to repurchase and destroy DEAR DOGE. It has public pool and whitelist functions. Holding DEAR DOGE and participating in IDO can get more proportion and revenue.
